Key Insights

- All three students demonstrate extremely high academic achievement with GPAs above 9.88, reflecting a highly selective group.
- Pooja Ravichandran, admitted in 2019, holds the highest GPA of 9.90, showcasing sustained excellence over several academic years.
- The top students are spread across different admission years and departments, suggesting that high performance is not limited to a single cohort or academic discipline.

Recommendations

- Recognize these top-performing students through academic awards or scholarships to motivate continued excellence and set a benchmark for others.
- Analyze the academic strategies, study habits, and support systems used by these high-achievers from diverse backgrounds to identify best practices that can be shared across the institution.
